AFTER VAST THRUG AT INAUGURATION OF COMMONWEALTH

War Brings Romance To Quick End

The Italian war brought the romance of Dorothea Kuehner (above), 28, of Philadelphia, and Dr. Clarence Duff, Princeton Theological Seminary graduate, both ministers stationed in Addis Ababa with Emperor Haile Selassie's blessing. They planned to set up housekeeping in a tent outside the capital city.

NEW PONTIACS ON SHOWROOM FLOORS TODAY

General Motors Medium-Priced Luxury Line in Sixes and Eights

Pontiac makes its bow for 1936 with two lines of automobiles, the Straight Eight and the Six, both of them with refinement and perfection of the fundamental changes which registered an upturn in popular favor for this car in 1935. These changes—though probably none of them stands out as boldly as the Fisher-Turner Top bodies, hydraulic triple-sealed brakes, or the sealed chassis of 1935—are quite as important to the motorist as were those of last year. The big change in appearance last year continues into 1936 with a number of pleasing refinements.

SILVER STREAK
The "Silver Streak" radiator and hood grille are still the central design motif, but the front-end treatment is altered to some extent where the chromium grille has been crowned as it sweeps up over the radiator in an unbroken line. This gives the impression of a longer, sleeker, faster and lower car, although the wheelbases are unchanged, being 117" on the Eight and 112" on the Six.

MODERN MOTIF
New radiator ornaments are in the modern motif. Chrome-trimmed brackets support the headlamps on the radiator shell. Further improvement in exterior appearance includes a more deeply crowned one-piece front fender sweeping down to the bumper level and all-rubber steel reinforced running boards. Rear fenders are more deeply crowned, with the rear half raised further back to a point below the wheel center. Rear humps are mounted on the fenders, except in the case of trunk models, where they are to be found on the trunk lid. Rear bumpers are longer. Bumper ornaments are refined and smaller.

BETTER ENGINE
Many refinements in the power plants and chassis have been made to give improved performance, quicker acceleration, better starting, higher speed, better economy and greater convenience in handling. Pontiac features which have proved highly satisfactory, such as metered flow lubrication, cross flow cooling, silver, cadmium bearings, roller-bearing pistons, roller-bearing connecting rods, square bore and stroke, and single-engine main for dependability and durability, naturally are retained.

The cylinder bore of the Eight has been stepped up to 3 1/4", thus increasing the piston displacement from 234 cubic inches to 252, and the horsepower from 84 to 87 at 2,800 R.P.M., with a consequent increase in acceleration, hill-climbing ability and top speed.

IMPROVED BRAKES
Triple-sealed hydraulic brakes are more positive than ever and have a still greater safety factor now with new and more expensive cast-iron brake drums and moulded linings.

Aromatic choke, automatic throttle opener, new intake manifold and new combustion chamber are improvements in the Six engine. All models have a new engine and new all-steel gear, synchro-mesh transmission. Water jackets are larger, extending the full length of the cylinder, thus keeping the oil cooler, making

Vice-President of U.S. Attends Ceremony — Quenson Warns Lawless Elements

MANILA, Nov. 13.—A throng of 20,000, including the vice-president of the United States, witnessed and cheered the launching Thursday of the Philippine commonwealth by its constabulary-guarded president.

At Manuel Quenson, against whom threats of assassination have been made, back the call of office he warned that lawless and subversive movements "shall be dealt with firmly."

U.S. NOTABLES
Vice-president John Garner, speaker of the house, Joseph Byrnes and Secretary of War George Dern were among the United States notables who witnessed the return of self-government to the islands after an absence of 400 years.

NO RADICAL CHANGES
There will be no violent changes from the established order of things, Quenson said in his inaugural address, "except as may be necessary to carry into effect the innovations contemplated by the constitution."

Two apparently incendiary fires added to recurrent rumors of extremist activity. Most of the dissatisfaction was over Quenson's leadership. His followers were accused of clerical frauds and his foes have contended his regime would stifle representative government.

SASKATCHEWAN SOCREDS NOW HAVE LEAGUE

SASKATOON, Nov. 15.—Social Credit delegates from practically every Saskatchewan federal constituency met here Thursday to complete the organization of the Social Credit League of Saskatchewan. Three sessions were held during the day at which questions of organization, membership and policy were discussed at length. The convention was still in session at 12:30 o'clock this morning.

In the election of officers of the newly formed league, Lt. Col. H. W. Arnold of Saskatoon was unanimously chosen president. D. C. Grant, Weyburn, was elected first vice-president and G. H. Stanbrook, Kindersley, second vice-president. Russell Hartney, Saskatoon, and Charles Cooney, Prince Albert, will form the executive committee.

TIGHT SQUEEZES IN POLL RESULTS

LONDON, Nov. 15.—At least two candidates squeezed into the British House of Commons Thursday by majorities of less than 100, while one rode to victory by more than 60,000.

A. E. Edwards, who won Middleborough East for Labor, recording a gain from the Liberals, did so by a margin of only 67 votes. His opponents were E. J. Young, the former member and Capt. Chetwynd Talbot, Conservative.

E. A. Straker, who kept Southwark North, a London borough in the government ranks by winning as a Liberal National, had a majority of only 79 over George Isaac, Labor.

The opposite extreme was in Middlesex, Hendon, Sir Reginald Blair, Conservative, swamped Labor and Liberal opponents there. Sir Reginald's margin of safety was 41,387 votes. At that, it was cut nearly 7,000 from the majority enjoyed by his Conservative predecessor.

Rush For Job

PREPPI, Nov. 15.—Depression has hit this former capital to hard that when a small shop advertised for a clerk at \$10 a month there were 224 applicants, including 15 college graduates and 34 women.

Asks raised from 17 to 34.

It is last longer, making the engine run cooler and promoting longer life of the entire power plant.

For convenience, front doors of all models are hinged at the front and rear doors are hinged at the rear. Instrument panel is entirely new and standard on all models. The new 16 in. tape metal bucket and chrome with taillight burred grand compartment doors are new and mouldings. Dial numerals are more easily read and dial lighting has been improved.

Artistic paneling on the doors and expensive new cloth trim further distinguishes the body interiors. Cabriolets are trimmed in crushed grain light brown monotone leather.

COMFORT PLUS

Seat cushions have been reshaped to conform more nearly to the human figure. They are longer and deeper and extend to the floor in both front and rear. There is a new and clever combination armrest and door handle.

A full three-passenger sedan front seat cushion is now standard on the six-cylinder regular and deluxe coach, as well as on the Eight, giving these cars ample room for six people, although the models continue to be designated as five-passenger.

Shoplifters Are Given Jail After Wetaskiwin Trial

WETASKIWIN, Nov. 15.—Three men in their early twenties giving their names as Jack Parker of London, Ont., Hugh McDonald, Peterborough, Ont., and Keith Lawson of Vancouver were sentenced to three months for shop-lifting and one month for vagrancy by Magistrate R. M. Angus here Thursday.

The men had visited several stores and while one appeared desirous of making a purchase the other two stole various articles such as a hand bag, two caps, bulky pins, flashlights and batteries which were found in their possession.

One business man left a rifle conveniently near his store door, it too disappeared but has not been found among goods recovered.

Physical decline begins in the human body at about the age of 25.

BENNETT IS EN ROUTE TO HOME TOWN

Scores Newsmen Who Use Ability For Misrepresentation

WINNIPEG, Nov. 15.—Free from responsibilities as leader of the government Rt. Hon. R. B. Bennett was speeding westward last night, Calgary bound. He will visit at his home constituency for six weeks after which he plans a vacation "in the south" until parliament assembles.

A large number of friends were

on hand at the station to greet the former premier who declared he "never felt better" in his life. He was glad, he said, of the opportunity to get away from his official duties for a few weeks' rest.

To querry representatives of the press he remarked, "There is nothing for me to say. It has been said already and now I am leader of the opposition."

"But," he added, "I do desire journalists who use their ability in misrepresentation the facts."

Asked if the facts had been misrepresented he replied, with a smile, "that you should know very well," and waved a friendly goodbye.

Fire To Brigade

KINGSTON, Eng. Nov. 15.—When Godfrey Metcalfe's car burst into flames while he was driving the motorist kept on going until he reached a fire station, where the flames were extinguished.

ANGLO-CANADA CANDIDATE FATE STILL IN DOUBT

LONDON, Nov. 15.—Of six Anglo-Canadians running in British elections, two were defeated, two elected, and two had to wait until ballots are counted in their constituencies today to learn their fate.

Beverly Baxter, formerly Lord Beverbrook's right hand newspaperman, won Middlesex Green-wood easily with a majority of 7,123. He is a Conservative.

Battle Bull, son of W. Perkins Bull of Toronto, won in Middlesex South as a Conservative, defeating W. Mellor, Labor, by 5,330 votes.

Arthur Haycock, Ontario-born

Laborite lost and in Salford west where J. F. Emery, Conservative, won and Reginald Samuel, Toronto, failed to hold Wiltshire west for the government. S. P. Viant, Labor, had a 2,530 majority there.

Captain Peter Macdonald, the Nova Scotia Conservative who sits in the House of Commons, was elected in Kingston as a Conservative in Kingston west, will hear how they fared tomorrow.

Is Thrown Through Windshield: Dies

LONDON, Ont. Nov. 15.—Martha Toey, 23, of Lacom, employed as a domestic here, was killed in a collision between two automobiles last night when she was thrown through the windshield of the car in which she was being driven home.

Apples contain 82 per cent water.

Kontick, Hooper Held In Valley To Face Charges

DRUMHELLER, Nov. 15.—W. W. Kontick and L. Hooper, two fugitives from justice who estranged their bail after being charged with false pretences and hood into the Drumheller Valley over the weekend, were quietly nabbed Thursday by redoubt constables following receipt of warrants for the arrest of the bail jumpers.

Kontick was facing four false pretences charges after collecting money for made to order suits and pocketing it in the Calgary district, while Hooper faced a similar charge in Vulcan. When arrested the two men were following the same racket, it is believed. The two captives left for Calgary under escort late Thursday afternoon.

ANNOUNCING FOR 1936

The Silver Streak

PONTIAC

6 and 8 straight

More Beautiful Than Ever . . .

FEATURING

- * Solid-Steel Turret Top Bodies by Fisher . . .
- * Safety Glass throughout . . .
- * Improved Knee-Action . . .
- * Triple-sealed Hydraulic Brakes with new Cast-iron Drums and Moulded Lining . . .
- * Concealed Tire and Luggage Compartment in new graceful rear end . . .
- * Silent Synchro-Mesh Transmission . . .
- * Fisher No-Draft Ventilation . . .
- * Cross Flow Radiator . . .
- * Double K-Y Frame . . .
- * Automatic Choke to simplify starting . . .
- * Smoothest of "6" and "8" cylinder engines with silver-alloy bearings and electroplated, light-weight, nickel-alloy pistons for greater Power, Economy and Dependability.
- * The Precision-Built Low-Price Car

IF IT WILL HELP ALBERTA
EDMONTON BULLETIN IS FOR IT

FRIDAY, NOVEMBER 15

AL DUCE SHOULD WORRY!

Well, well. So the pundits of international
finance are telling the world that the British
financier, who is going into spring, is
financier, they fearfully explain, will utterly
"collapse" in three months. The strain
of the world's financial structure is
what the learned spokesmen of inter-
national finance need as a sense of humor. Just
twenty-five years ago they were telling the
British and the Allies the same thing. They
couldn't get money enough to keep going longer
than three months at the outside. Then its
financial structure was reorganized.

Wilhelm didn't believe it, apparently, but
the Allies did—and they paid a fearful price
for their faith in the oracle. Spring came, and
three more springs came, and the British
still going strong so far as money was con-
cerned. And when the "collapse" did come in
the end of 1918 it was not the British, but
a breakdown of morale resulting from
scarcity of supplies—not money.

If a scarcity of money is the worst Mussolini
has to fear, he needn't worry. He can make that
without any trouble, in any quantity required,
and make it do duty just like the printing-press
currency of the international market. The
Italians won't know the difference, any more
than Canadians did when they were doing busi-
ness with "fat" war money.

ANOTHER "MARCH" ON OTTAWA

Mayor McGeer, with the backing of the
Vancouver council, proposes that the mayors of
British Columbia cities make another pilgrimage to
Ottawa to lay their troubles before the federal
authorities. That there has been a change of
Government there does not, unfortunately,
change the fact that the cities are overburdened
and unable to help themselves. Their burdens
are as great as they were a year ago, and their
resources not increased. They are as much in
need of assistance as then, and as much within
their rights in asking for it.

It is to be hoped the mayors will get a more
humble reception if they repeat the march on
again, as they are quite likely to do. At least
it is certain they will get a friendly reception.
An attentive hearing will be given to the
lectures on the short-comings of their
defeated taxpayers and admissions to go home
and collect the taxes they can't get.

Immediately, if they repeat the march, they
will repeat the request that the Dominion bear
the whole cost of direct relief made necessary by
unemployment. Since the cities cannot stand
this drain, and are not in fact meeting the de-
mand out of current revenue, a settlement of
this problem is inevitable, and the sooner it is
gone about the better.

Of even greater importance is the general
refunding of city debts, which will certainly
have to be brought about if they are to get
again on a solid footing and be able to balance
their budgets. That matter, too, is one to which
their councils should continue to draw attention
without ceasing; and Ottawa is the place it will
have to get attention if there is to be effective
action.

EDMONTON'S ELECTIONS

Mayor Clarke's win in the civic elections on
Wednesday was emphatic to the point of being
spectacular, not only because of the over-
whelming plurality he received, but because he
secured a majority in all but six of the forty
polls. Geographically as otherwise the verdict
was a sectional one.

It is notable, too, that the five aldermanic
candidates elected were those recommended by
the Mayor. From which it may be inferred
there will be somewhat more harmony among
the council board during the coming year than
there has been in the one that is past. The
opponents of the Mayor strongly urged the
need of a change in this respect, though they
did not ask the voters to bring it about in just
they they did.

The outcome is of course a very positive
declaration of approval of the course Mayor
Clarke has taken during the year, as it is of the
policies he advocated in the campaign. These
policies he will presumably be able now to
carry into effect without factional interference.
Ald. Margaret Crow pulled the largest vote
of the day, leaving the other aldermanic aspirants
hopelessly in the rear. Aside from showing
the Mayor has taken during the year, as it is of the
policies he advocated in the campaign. These
policies he will presumably be able now to
carry into effect without factional interference.

Of the five new-comers to the city council,
three ran as Social Crediters, and as a Labor

representative, and one had the backing of the
Civic Youth Association. Of the campaign
organizations, the Tax Reform League alone
failed to elect a single representative. This is
the most remarkable feature of the reduction was
the most important direct issue before the
voters, and other candidates who declared em-
phatically for reduction were returned.

In the elections to the public school board
the voters showed a marked preference for men
of experience, thinking that anybody
who has been for one or more terms in the
rather thankless capacity of trustee deserves a
further opportunity and re-elected all four of
the former members.

The result of the publicists is a demand, by a
more than three-to-one vote, that property
qualification be required of those seeking nomi-
nation for civic office, as at present.

And that will be enough elections for a
while.

About two out of five Edmonton voters
went to the polls on Wednesday. Last year
the voters were upwards of three out of five.
Evidently being asked to vote often doesn't
lead to making voting a habit.

It has cost the city more than \$12,000 this
year to clear snow off the streets; the year of
course clearing snow off the streets. With more
than 2,000 men on relief, and not much city
work being done in the winter months, the
clearing business seems to be costing the city
a good deal for the results obtained. Is snow-
plowing and shovelling such a technical occupa-
tion that relief men can't do it?

Forty Years Ago

weather.

TWENTY YEARS AGO

Saloniki: British and French forces have
advanced along their whole line, with a view
to relieving pressure on the retreating Serbs.
The forces are fighting a dogged rear-guard
action as they retire from the mountain
passes.

The dismissal of Ald. Sheppard's libel case
against the Bulletin of the Edmonton police
actions of the kind started against this paper
as a result of the campaign waged by it for a
better civic administration a year ago.

At a public auction at Calgary on Thursday
80 head of Shorthorn cattle sold for \$12,800.

Tungsten, Ala.: Booker T. Washington died
here today.

Basel, Col. B. Hunter, Swiss military statisti-
cian, estimates the total losses in killed during
the war at five millions.

Winnipeg: Hon. Dr. Montague, former mem-
ber of the Roblin government, died last night
of apoplexy.

New York: The Russian consulate has in-
formation that General Joffre has been given
supreme command of all the allied forces on
all fronts.

Poems That Live

THE FLIGHT OF YOUTH

There are games for all our losses,
There are games for all our losses,
But there is no game for the flying feet,
It takes something from our hearts,
And it never comes again.

We are stronger, and are better,
Under moccasins a sterner reaper,
Still we feel that something sweet
Fled from our grasp, and we are left
And will never come again.

Something beautiful is vanished,
And we sigh for it in vain;
We behold it everywhere,
On the earth, and in the air,
But it never comes again.

—Richard Henry Stoddard.

"Women must learn to stand criticism and
disagreement without allowing personal feel-
ing to enter into their evaluations of that criti-
cism."—Mrs. Franklin D. Roosevelt.

The Passing Show

By J. S. COWPER

With elections settled in the province, the
dominion, the city and the motherland, we can
soon down to work now to make the best of
things.

Only "Gerry" McGee and his C.C.F. op-
ponent are left in suspense, knowing full well
that the hundred or so disputed bal-
lots are finally decided by the
Judge. Still, who of the
twain is really to be member
of Parliament for Burrard—
one of the residential districts
of Vancouver city.

Not from hostility to Ar-
nold Webster, the C.C.F. can-
didate, who is highly regarded
as a promising high school
teacher, nor from any narrow
partisan preference, I hope
that the redoubtable "Gerry" is the final choice
of Mr. Webster can only be a voice crying in
the wilderness—a very pleasing and well-in-
formed voice in a nicely unpopulated wilderness.

"Gerry's" voice will be heard not only in
the wilderness of the Parliamentary chamber,
but to effect within the privacy of the caucus.
He will not be popular with the ministers, nor
to any great extent among the members. His
value is to be a gad. His worth apart from
his knowledge and credit problem is his
readiness to offend his friends if they
show any slackening of pace. As a scourge he
would be an asset to any government. At the
same time, it looks as if he had several
votes more than his rival.

The Labor party's main list office in a
previous election over the publication of a
purported letter from Moscow (which later proved
to be fraudulent). It suffered in yesterday's
election by the raising of the issue of the
Italo-British affair, and to the indirection
of a former Labor minister.

Naval secrets are being numerously guarded in
Britain. Even the published figures of the
strength of the British air force and navy are
probably much below the actual figures. New
information to deal with the war effort was
revealed are the subject of close secrecy. In
such an atmosphere, Alexander, the
former Labor minister, is a valuable asset to
the government. He is a man of high
defunct Labor government, took it upon him-
self to reveal a secret he had learned when in
office—that British warships now carry huge
eight-cylinder water-cooled, diesel engines,
capable of discharging eight 14-pound shells
simultaneously, and with machine-gun rapidity.

Individual political parties are now being
brought a barrage of shell fire into the air.

Mr. Alexander made his point that Britain is
not as weak and unprepared in sea and air as
the Conservative would have it, and in their
pleas for office. But whether it helped his party
is another question. Not even the British work-
ingmen's movement is a subject of national
defence. There is a threat of action from the
Official Secrets Act. You may read more about
the indiscretion of Mr. Alexander in a day or
two.

A great flying fortress came to grief on the
Wray Field on December 14th.

With 70-foot wings, four machine gun turrets
and a speed of 280 miles per hour, the Boeing
29 was regarded as the greatest battle plane
ever designed. The four-motored plane had
risen 200 feet from the ground when it lurched
backward and wheel in a 10 degree turn.

Gun Turret Menace

Refund Scheme To Be Taked After Parley

Details of Debt Plan Must Wait Dominion-Provincial Meet

Method of arranging details of the grantic provincial public debt refunding scheme will have to be discussed and worked following the Dominion-Provincial conference at Ottawa opening on December 5. Premier William Abernethy decided on Friday.

ASKED FOR DETAILS
His remark was made when asked if he could give details of the plan which will lay before the Dominion-Provincial conference the provincial debt of about \$150,000,000 and the Dominion public debt of about \$400,000,000.

The premier did say that in order to facilitate the refunding, the province would be prepared to mark certain revenues to meet interest payments. It would be a departure from previous provincial practice.

COLLECTION OF TAXES
The province also will urge the Dominion to take over the collection of all income taxes and to refund to the province its share. This would bring about a saving of \$60,000 in administrative and collection costs.

It is hoped that the refunding scheme will bring the average interest rate down from five to three per cent at the highest.

INOCULATION AGAINST DREAD DISEASE URGED

Five Cases of Diphtheria Since August 25 With One Death

With five cases of diphtheria reported to the city health department since August 25 and one death, occurred Friday to patients, Dr. H. Mackinnon, medical health officer, appealed Friday to parents to have their children inoculated against diphtheria. The city health department, in co-operation with the school medical branch, is prepared to promote the inoculation campaign which has been in progress in Edmonton for several years.

THE INOCULATION
Dr. Mackinnon stressed the importance of having children inoculated against diphtheria. He said that the disease is a dread one and that it can be prevented by inoculation. He said that the disease is a dread one and that it can be prevented by inoculation.

The one fatal case of the disease was a two-year-old child who died last September. The child was reported to the health department by his mother.

Dr. Mackinnon also said that to date 13 carriers of diphtheria had been reported to city health authorities. He said that the disease is a dread one and that it can be prevented by inoculation.

EIGHT DOSES
The M.E.O. suggested that children be inoculated against diphtheria at the same time as they are inoculated against measles. He said that the disease is a dread one and that it can be prevented by inoculation.

PIPE SMOKERS PUFF SATURDAY

The Edmonton pipe smoking championship will be at stake Saturday afternoon in the Mayor's Bazaar. The city is now holding a series of pipe smoking contests.

Each contestant is given one minute of tobacco and a match and the one who keeps the pipe lit the longest is the winner.

C. D. Dick kept his pipe alight 86 minutes in the January contest. He said that the contest is a very interesting one and that it is a good way to spend a Saturday.

Aged Woman Defends Mob Law
AUSTIN, Tex., Nov. 15.—A white-haired woman, protesting demands for an investigation into the lynching of a Negro woman, said today that nothing in the world was as good as southern women from these parts exerting lynching.

Outraged by the chairman, Mrs. J. R. White of Coleman, one of the Texas Federation of Women's Clubs convention and accused demands for an inquiry by Governor James V. Allred into the lynching of a Negro woman, she said today that nothing in the world was as good as southern women from these parts exerting lynching.

Mike Jacobs Has Control On Boxing
NEW YORK, Nov. 15.—Mike Jacobs, representing the 30th Street Gymnasium, today announced that he had secured the control of boxing in New York City for a four-year lease for the Polo Grounds and the Yankee Stadium.

NEW CANADIAN MASS EXODUS OF CHINESE MINISTER SAYS

Duty of Church to Give Non-Anglo-Saxons Christian Brotherhood

"Canada's greatest problem in the field of social and religious work is the new Canadian, the non-Anglo-Saxon immigrant who has sought a new home in this vast dominion," the considered statement of Dr. R. B. Cochran, secretary of Home Missions for the United Church of Canada who delivered an address in McDougall church Thursday evening.

"It is the duty of the church to give these people Christian brotherhood and to make them feel that Canada is their home. Religious education and instruction must be given to these people also. Every member of the United Church should be in this work by giving services in their own languages," he said.

TEND TO CITY
"Today the trend is for people to move to the city. Nearly 50% of our population is to be found in the cities today and it is in these storm centres that Christianity must fight to carry on religious work among all kinds of people," said Dr. Cochran.

ALONG WITH THE TASK
"Along with the task of carrying on religious work there has been an extension of work on the frontier where the opening up of new territories in sparsely settled parts of the country has given rise to new problems. There has been a great help in this regard. Without union the work that has been done could not have been carried on."

LEARN TO SACRIFICE
"We will lose out unless we learn to sacrifice. The trouble is that 'we church people' cost enough today and the people are not making sufficient sacrifice. Church deficits would disappear if every one gave to the church and had the spirit of the people who have suffered with the people."

WORLD VIEW
Dr. James Endicott, secretary of foreign missions, also spoke. He said that the church must have a world vision before the people can be saved. He said that the church must have a world vision before the people can be saved.

REPLACED
Belief that the Dominion Livestock and Livestock Producers' Act, which was recently declared ultra vires in this province by the Appeal Court of Alberta, should be replaced by a provincial act.

REPLACED
The Dominion act was passed in 1921 and, with other matters, provided for the grading of eggs and poultry, the same being placed under strict regulation as to quality, size, etc.

REPLACED
Following the finding of the Appeal Court, which declared the act ultra vires and not in effect in Alberta, The Bulletin interviewed business men interested in the following matter:

REPLACED
E. T. H. Beldred, poultry trader, a representative producer of the Supreme Court for trial for the past four years, said that the act was a great help to the industry.

REPLACED
A strange tale of having a man brought into his room and the act on her bed, was told by Beldred. He said that the act was a great help to the industry.

REPLACED
A charge of keeping a bawdy house, keeping her under duress, and other matters, were mentioned. He said that the act was a great help to the industry.

REPLACED
Adjournment was given to call further witnesses Saturday.

Election Officer Gets Praise For Wednesday's Work

The hub-bub of the civic election, Tuesday over after a week of strenuous campaigning, organizers for the various political groups, the city council, and the voters, put to rest the question of the election of the provincial legislature.

REPLACED
The fishing vessel, carrying Canadian goods, was used for the taking over of the fishing vessel. He said that the act was a great help to the industry.

Chinese Nationalist Strength Enlarges Under Fear of Japanese

SHANGHAI, Nov. 15.—Evidence of an apparent strengthening of the Chinese Nationalist feeling were reported today as a mass migration of frightened Chinese to the international settlement from the Chinese district west of the city.

"Tension, which has been high since the laying of a Japanese submarine Saturday night and the subsequent landing of 2,000 Japanese marines, continued with anti-Japanese activity reported throughout the country."

CLARKE WARNS EMPLOYEES WHO REFUSE TO ACT
Power Question Now Up To New Council, Mayor Believes

Action should be taken against city employees who deliberately refuse to act, Mayor J. A. Clarke declared Friday, while commenting on several of his pre-election proposals.

While not stating he was prepared to sack any of the employees of any particular person, the mayor said: "Anyone who deliberately defies instructions, should be removed from the service."

DEBATORS DENY RADICALISM IN UNIVERSITIES
College Men Are Backbone Of Nation, Visitors From East Say

Expressing strong disapproval of Dr. Edward Beatty's statement that radicalism and socialism were rampant in Canadian universities, E. C. Kelloway and Sydney Hemenway, visitors from the East, declared Friday that the backbone of the nation was the college men.

CHARGE WOMEN CRASH STREET CAR FARE-BOX
W. C. Deane, secretary-treasurer of the Federation of Community League, surprised those present at the annual meeting of the association, declared Friday, Mr. Douglas Macleod, who will attend the Toronto conference of the Canadian Federation of Community Leagues, Nov. 15.

SEEK INCREASE IN FAIR GRANT
The Dominion government will be urged to seek an increase in the annual grant to the Edmonton Exhibition association for the summer fair, J. A. Clarke declared Friday.

NEGOTIATING WITH DOUGLAS
Negotiations are still under way with Major C. H. Douglas, chief reconstruction adviser to the provincial government, and date of his return to the province is the subject of discussion at the executive committee of the legislature to be held here next Tuesday and Wednesday.

SHANDRO DENIES IS PROPAGANDIST
Complete, unqualified denial that the "Shandro" article, as alleged by Premier William Abernethy, was a propaganda piece, was made today by J. W. Deane, secretary of the Dominion League of Women.

REPLACED
The fishing vessel, carrying Canadian goods, was used for the taking over of the fishing vessel. He said that the act was a great help to the industry.

DRIVING EMPLOYEES BACK TO CIVIC RELIEF

During Week 1789

New Applications Received in City

Total Alberta Jobs Registered Last Week 8,958
—Many Placements Are Recorded.

With this city enjoying the unenviable distinction of being the unemployment centre of the province, figures released by the Alberta Employment Service on Friday for the week ending last Saturday show a total of 8,958 unemployed registered at various provincial centres. This is a slight increase over the previous weeks, figures show. It is claimed to be an influx to the city from camps and farm work, now held up probably until spring, by the heavy snows and unusually cold weather of the last week.

SIX MEN FILED
Of the total registered unemployed last week 2,842 were men and 118 were women. This city had on its unemployed 1,020 men and 40 women. Calgary rank in second place with 2,190 men and 219 women registered. Lethbridge had 801 men and 30 women; Medicine Hat 124 men and 17 women; and Drumheller 192 men and three women.

The picture of the large number of unemployed was brightened through the placement of 753 men and 97 women in positions. Of the vacancies for men as against 703 placement, 100 were filled through the placement of 753 men and 97 women in positions. Of the vacancies for men as against 703 placement, 100 were filled through the placement of 753 men and 97 women in positions.

NEW CITY APPLICANTS
Indicative of the influx to the city from the surrounding territory was a large number of new applications during the week, there being 1,850 men and 134 women. Officials are not expecting that harvest work will absorb any more men. While there is not expected the snows and cold weather here, that further work in this direction must be postponed until spring.

Hon. Dr. W. W. Cross, minister of health, who has been visiting Drumheller, has been held up there in account of heavy snow, and has had to delay a visit to Calgary. He expects to delay a Calgary visit some time in Friday.

Canada Mining Industry Shows Healthy Growth

ALL BRANCHES HAVE PROGRESS DURING 1935

Eight Per Cent. Better Than 1934, Congress is Informed

VANCOUVER, Nov. 15.—(Special Telegrams)—The annual meeting of the Canadian Institute of Mining and Metallurgy, held here today, revealed that the mining industry as a whole, declared it is the most active in the value of mining in Canada in 1935 will exceed that of last year by eight per cent.

He gave the estimated value of the industry for the whole Dominion at \$200,000,000 for 1935, compared with \$180,000,000 last year. This has a history of increase since 1925 when the total reached \$111,000,000.

Increased value, Mr. McLeish said, is almost entirely due to increased output of metals. Gold production in Canada this year will be about \$20,000,000, compared with \$18,000,000 in 1934. Copper 420,000 pounds, zinc 14,000,000 pounds. He declared also there is a possibility nickel, lead and platinum may exceed the record figures of 1934.

OVER WORLD USAGE

Mr. McLeish reported particularly to the fact Canada's production of non-ferrous base metals has been increasing in the past 10 years at a greater rate than general world production.

Canada has also become the world's leading producer of the platinum group of metals, with production last year valued at \$4,000,000 and is an important source of bismuth, cadmium, selenium, tellurium and bromine of the smelting plants. These had a value of \$467,000 in the first six months of 1935, compared with \$393,700 in the whole of 1934.

GOLD GOING UP

Further rise in the price of gold was predicted by Mr. McLeish. He said the price of gold in the United States, which has been forced to devalue the dollar, is a similar rise in the price of the gold in Canada. He said the price might reach the \$40 mark, the limit set by Washington.

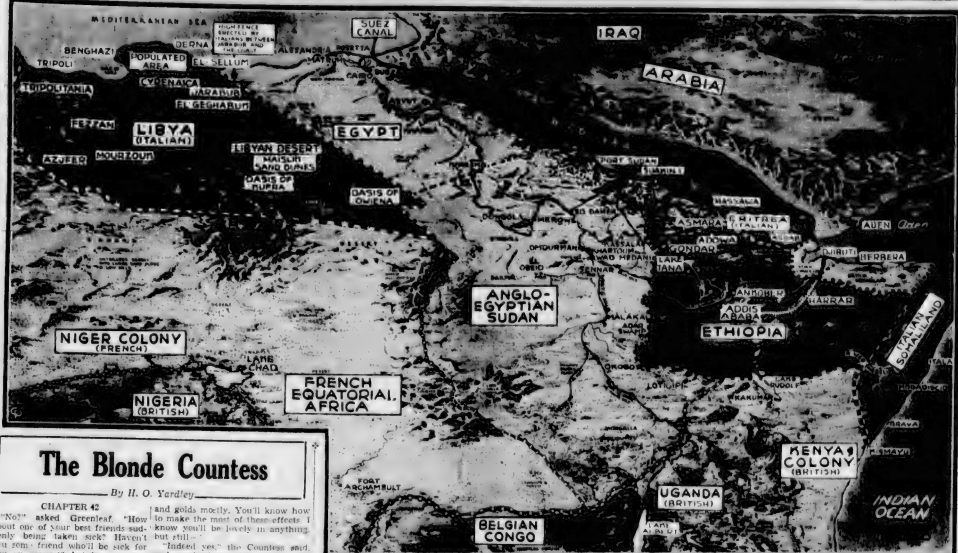

Rev. Zook Severs Connections With Communion Force

After over two years of service as acting secretary of the Associated Temperance Forces of Alberta, Rev. W. H. Zook, concluded his period of employment on October 31. Appointed at the beginning of his career with the organization as secretary, Mr. Zook has since become financial secretary and in this capacity visited many parts of the province in the interests of temperance. He was a welcome speaker at the annual convention of many of the denominational bodies in Alberta.

Cookie - Grabbing Squirrel Rampages

TORONTO, Nov. 15.—A black squirrel being fed at the apartment of Mrs. Angus Lebar, ran amok when, during a small dog, took exception to the hospitality shown to the animal by his mistress. The squirrel jumped on Mrs. Lebar's shoulder and bit her finger when the woman tried to pet it. In making his exit the squirrel had the effrontery to grab another cookie.

Four Countries Divide Major Portion of North-East Africa

The Blonde Countess

By H. O. Yardley

CHAPTER 42
"Not," asked Greenleaf, "how about one of your best friends—don't you think I've got a right to ask you?"

"Suppose she has another engagement?"

"What nerve!" said But she said that it almost as a command to come, especially as Mr. Johnson will be there."

"Suppose she has another engagement?"

"What nerve!" said But she said that it almost as a command to come, especially as Mr. Johnson will be there."

and gold mostly. You'll know how to make the most of these offers. I know you'll be lovely to anything but still—

"I'll be lovely to anything but still—"

"I'll be lovely to anything but still—"

"I'll be lovely to anything but still—"

"I'll be lovely to anything but still—"

"I'll be lovely to anything but still—"

"I'll be lovely to anything but still—"

"I'll be lovely to anything but still—"

"I'll be lovely to anything but still—"

"I'll be lovely to anything but still—"

passable soft ground in the rainy season. Of considerable significance is the fact that the barbed wire fence erected by the Italians along the Italian frontier from the sea to Addis Ababa—a distance of about 100 miles—is described as a triple fence with entanglements, barbed wire, and on each side. All the stakes are set in concrete. The fence is carefully patrolled and is designed to prevent the passage of Arabs into Egypt. South of Addis Ababa are shifting areas of mud-shades which are almost equally impassable. Italy is said to be anxious about the attitude which Great Britain in Cyrenaica may adopt if war breaks out with Abyssinia and she, therefore, according to the Daily Telegraph, has been steadily withdrawing local native troops from the Egyptian border of Libya and replacing them with Somalis, who have no racial link with the Italians. The number of troops in Libya has been increased.

"Then if there was writing here it would have shown," Greenleaf asked.

"This is the proper development of it."

"We have to assume that it is the fact of the blank page."

"Suppose we got the wrong side of the page," Greenleaf suggested.

"But Jake declared that the book was the right side of the page."

"Probably he developed it from the back, anyway. It would show the back of the page, and the book, those on which the ink was smeared."

"Then if there was writing here it would have shown," Greenleaf asked.

"This is the proper development of it."

"We have to assume that it is the fact of the blank page."

WE ARE LOOKING FOR Edmonton's Most Popular Girls

\$150 in Cash and Many Other Valuable Prizes.

This Contest Is Well Worth of Your Best Efforts

Enter Now!

It is very simple to enter this contest—have your photograph taken at Sigrist Studio and ask them to enter you in the Popular Girl Contest. They will attend to all details and will give you several thousand votes to start with.

The winners will be chosen by votes and you and your friends can obtain votes at the studio and at the Capitol Theatre.

THE PRIZES:

1st PRIZE \$75.00 CASH

2nd PRIZE \$35.00 CASH

3rd PRIZE \$25.00 CASH

4th PRIZE \$15.00 CASH

And many other Valuable Merchandise Prizes.

As soon as the photographs of the girls entered go on display at the theatre, each picture will be given a number and before you deposit your votes mark your number on your ballots. The girl who has the most votes will be the winner.

Besides the cash prizes there are several valuable merchandise prizes, such as wrist watches, skating outfits, silk stockings, etc., etc.

ENTER NOW AND HAVE YOUR FRIENDS VOTE FOR YOU

Here Is What You Have to Do

Carries the ball for the University of Pittsburgh

Hob Ransdow is one of Coach Jack Sutherland's star halfbacks.

VANCOUVER LOSERS TILT TO BUCS, 3-1

CANADA'S national winter sport—hockey—makes its 1935-36 debut to local fans tomorrow night when the Eskimos club with Calgary Tigers in the opening tilt of the Northwestern Professional League. . . First of the Edmonton club to get under way on the winter's campaign, the pros get all ready to tackle the out-of-towners and Owner Rocco and Manager Romeo Martin are hoping to mark up a win that will set them firm on the main floor for the season.

Two new faces will make their appearance in Eskimo uniform in the persons of Les Whittier, formerly of Seattle Seahawks, who came here in the trade for Art Garber and Ed Carver last year with North Battleford Beaver, Saskatchewan amateur champions. . . Both have been going exceptionally well in practice and are expected to find a lot of punch to the club.

EDMONTON hockey enthusiasts will be highly pleased to find that Murray March, "iron man" of the National League, was not forced to see his durability record shattered last night when New York Rangers played against Maple Leafs. . . After a few games away from the 500-march March was hurt in Montreal the other night and it was feared the Rangers great forward might not be able to take his place in the lineup when the "N-Y" Yalows opened their season last night. . . However, he lived up to his reputation as an "iron man" by playing his usual game of the game and this raised his chance to reach that record of 300 consecutive games.

Murray has a flock of friends in Edmonton, where he has spent most of his summers in the off-season, and they'll all be glad of the fact that his stringing of games is unbroken.

WHILE you don't hear much about them these days, football and basketball are just as much a part of the winter sports scene as hockey. . . The club has been flooded with a lot of applications for its structure and tomorrow morning they get the school underway.

Incidentally, if you have a little spare time tomorrow night, it would not be wasted by taking a jaunt out to one of the winter rinks, where Edmonton Athletic Club hockey school sessions are being conducted. . . The club has been flooded with a lot of applications for its structure and tomorrow morning they get the school underway.

Maple Leafs Gain First Win of Year By Beating Rangers

Buzz Boll Scores Lone Winning Goal To Give Toronto Triumph—Murray Murdoch Keeps Record Intact

NEW YORK, Nov. 15.—Toronto Maple Leafs took their first victory of the new National Hockey League season and New York Rangers their first defeat, 1-0, before a near capacity crowd of 15,000 last night.

Murray Murdoch, durable Ranger forward, who suffered a chest injury in Tuesday's game at Montreal, kept his continuous service record intact by saving his full share of time on the ice.

The Leafs capitalized upon a goal by Buzz Boll, who scored clear of defense, to win the game. . . The Leafs' captain, Sprague Cleghorn, scored the lone goal. . . The Leafs' defense was solid, and the Rangers' attack was weak. . . The game was a close one, but the Leafs came out on top.

BLACKHAWKS TIE DETROIT WINGS

DETROIT, Nov. 15.—Brilliant yet unexciting featured a fast, well-played game between the Chicago Blackhawks and the Detroit Wings. . . The game was a tie, 1-1.

The Blackhawks, who are looking for a team to buy, are interested in the Amerk Squad, which is a team of former Canadian players.

TRIO OF PENALTIES

After battling fairly evenly through the three regulation periods, the Chicago Blackhawks and the Detroit Wings played a tie game, 1-1.

The Blackhawks, who are looking for a team to buy, are interested in the Amerk Squad, which is a team of former Canadian players.

Centre Ace Leads Eskis In Opener

Edmonton's Premier Ice Sport Gets Underway Here Saturday

Edmonton's premier winter sport—hockey—gets underway here Saturday between two of the most bitter rivals of the annual ice wars, Edmonton Eskimos and Calgary Tigers, opening their respective campaigns in the Northwestern Professional Hockey League.

Having put in a big amount of practice and training in the last two weeks, the team will be in top shape for this encounter and they hope to come through with a win.

The Edmonton lineup presents an impressive array of pucksters, and should give the Eskimos a stiff battle. With two good forward lines, a good state of defense and a strong back line, the Eskimos are expected to do well. . . The game is expected to be a close one.

LOUIS HOLMES

Popular player on the Edmonton Eskimos, Louis Holmes will lead the team against the Calgary Tigers in the opening game of the season.

HALF HOSE THAT ADD SMARTNESS.....

Style and smartness are as important in half hose as in shirts, ties, hats or any other haberdashery. The name Penmans means the smartest checks, good-looking quiet patterns or rich, solid colours. And there is extra wear in every pair.

PENMAN'S

Half Hose... FOR MEN

Buckingham Palace

In 1935 the royal household was presided over by King George VI from the Duke of Edinburgh.

By Royal Appointment to His Majesty "The King" is a signal honour which has been conferred upon EMU Wines.

It is the hall-mark of excellence and should prompt those who have not already tried EMU Australian Wines to do so.

In EMU 444 (Rich White) and EMU 999 (Rich Tawny) we offer you the choicest Ports which are produced within the Empire—at a price much below Foreign Port of equal quality, due to a tariff preference when entering Canada.

BOUGHT STOCKS WITHOUT POWER, COURT EDICT

ST. LOUIS, Nov. 15.—An opinion of a federal court special counsel Thursday held that O. P. Van Swearingen acted without authority in purchasing \$348,016 in stock and bonds on the open market in 1900 and 1901 for a Missouri Pacific railroad company subsidiary.

The opinion, filed by Fred Williams, United States Circuit Judge Charles F. Smith, held the Cleveland railroad magnate and chairman of the railroad's board was personally responsible for the losses suffered in the transactions.

As accounting was proposed to determine the exact amount of the losses, but market quotations indicate they will total more than \$200,000.

Williams found the purchases were never authorized by formal action of the executive committee of either company and were never discussed at directors' meetings.

Ohio land and water area is 44,000 square miles; water comprises 3,540 square miles of this total.

Big Four Union's All-Star Gridders Named By Writers

Lowly Montreal Football Squad Contributes Four to Squad

By HENRY DUNLAP
TORONTO, Nov. 15.—It isn't true that football all-stars come only from the championship teams. That theory old belief took a crack on the head Thursday when the Canadian Press announced its third annual inter-provincial union all-star team and one-third of it came out of the successful camp of Montreal.

There hasn't been a Big Four victory in eight starts for the Grey Cup championship and the chances are Hamilton Tigers will have added a ninth defeat to the record Saturday.

Paving over the names on the Montreal register, 17 sports writers and coaches decided there was good to be found.

They lifted out of the dejected M.F.C. camp four football players and made them all-stars. They could only find six among those charging, snarling tigers who may do things to Montreal later this week. Five Argonauts were selected and two Ottawa Roughriders.

LINEUP CHOSEN

Here is the team:
Flying—Ted Morris, Argonauts.
Half—Hock Welch, Hamilton.
Half—Alex Elliott, Ottawa.
Quarter—A. J. Mullin, Argonauts.
Back—Buddy Meiers, Ottawa.
Back—George Pigeon, Argonauts.
Back—Jim Palmer, Argonauts.
Middle—Tommy Burns, Argonauts.
Middle—Pete Jokus, Argonauts.
Outside—Wes Collier, Argonauts.
Outside—Len Hutto, Montreal.
